## BRYAN IN MARYLAND.

He Opens the Campaign in That State at Cumberland.

### MAKES MANY TALKS.

Senator Wellington also Makes an Address Renouncing His Old Party

Affiliations — Republicans

Carry Vermont.

Cumberland, Md., Sept. 5.—At the opening of the Democratic campaign for Maryland and West Virginia here Tuesday night, W. J. Bryan and United States Senator Wellington, who was elected as a Republican, appeared on the same platform. Both were in good voice. Senator Wellington's speech, read from manuscript, marked his formal renunciation of party ties on account of the issues growing out of the war with Spain.

Mr. Bryan spoke without notes. The journey had been an arduous one, covering, including the trip from Chicago, 24 hours, but he spoke with his customary vigor.

During the journey, Mr. Bryan made a number of brief addresses from the train platform.

The train was boarded at Benwood immediately after crossing the Ohio river about noon by a committee to receive him. Mr. Bryan found Colonel J. T. McGraw, Democratic national committeeman of West Virginia, and Colonel L. V. Baughman the personal representative of Senator Gorman, the national committeeman from the state. Beginning at Benwood, Mr. Bryan spoke in succession at Cameron, Manning, Fairmount, Grafton Deer Park and Piedmont. He also made very brief remarks at a few other places.

### MAKES MORE SPEECHES.

Bryan Talks to a Big Crowd in a West Virginia Town.

Shepherdstown, W. Va., Sept. 5.—W. J. Bryan began the second day of his tour in the east at this point. His first speech was made at Morgans Grove in the suburbs of the town. A fair was in progress and an attendance had come not only from West Virginia, but from Maryland and Pennsylvania to hear his speech while they attended the fair.

A letter was read at a meeting of political leaders from W. L. Wilson, ex-postmaster general, strongly endorsing Bryan and saying only sickness prevented his attendance. Mr. Bryan began his speech by referring to Mr. Wilson in most complimentary terms. He said he had known him in congress and he never believed so kind and loving a man could endorse war of conquest.

Mr. Bryan expressed pleasure at being able to address an assembly of farmers. He wanted to know how any farmer could be a Republican. It was easy to understand how the head of a trust or an army contractor could be a member of that party, he said, but as to farmers, they are not trying to get their hands into other pockets, but keep others' hands out of their pockets, however prosperous other classes might be the farmer was not a sharer in that prosperity. Here Mr. Bryan again related the current report of his sat crop and then took up the financial question.

### WILL NOT ACCEPT.

Chamberlain Unwilling to Spend Time and Money for an Empty Honor.

Knoxville, Sept. 5.—The announcement of a compact reached by the Republican faction conferees in Nashville was received with a degree of surprise here. Captain W. P. Chamberlain, who was selected as a compromise candidate for railroad commissioner, announces he will not accept the honor as there is no possible chance for election, and he does not care to give his time and money necessary for such an empty honor. He declares he has no interest in the factional fight.

Congressman W. P. Brownlow, leader of the Brownlow faction, is also here. He expressed himself as pleased with the conference results and said it was an evidence of a reunited party in Tennessee. He said Captain Chamberlain cannot afford to decline the railroad commissioner race. He admits Captain Chamberlain is an Evans man, although he has not been identified with the fight in any particular.

### Vermont Election.

White River Junction, Vt., Sept. 4.—State issues of which that of local option was most important, caused a 20 per cent loss in the Republican vote in the state election and a larger portion of that loss went to the Democrats. The Republicans carried the state by an approximate majority of 25,000, a falling off of 15,000 votes under the vote of 1896. Stickney was the Republican candidate for governor and Senter the Democratic nominee.

### The Vermont Election.

White River Junction, Vt., Sept. 5.—The Democrats only elected one congressman from Vermont. The Democrats claim 21 seats in the lower branch of the legislature, but the Republicans do not concede the claim.

### WANTS A DIVORCE.

New York, Sept. 5.—The Herald says that Eugenia Blair says she wants a divorce from Robert Downing, the tragedian.

### ODELL NOMINATED.

Ex-Governor Black Made the Nominating Speech at Saratoga.

Saratoga, Sept. 5.—The state Republican convention nominated the following ticket:

Governor—B. B. Odell.

Lieutenant governor—Timothy Woodruff.

Secretary of state—J. L. McDonough. Comptroller—William J. Morgan. State treasurer—John P. Jackel.

Attorney general—John C. Davies.

State engineer—Edward A. Bond.

Perhaps the most interesting feature of the convention was the fact that the speech nominating Benjamin B. Odell for governor made by former Governor Frank S. Black, who has been outside of the organization broadworks since Theodore Roosevelt defeated him two years ago when he desired the renomination. For a long time Mr. Black and his close friend, Abraham Gruber, and former District Attorney W. K. Oleott of New York were very bitter, and at the party primaries a week or so ago, Gruber was obliged to fight to maintain the leadership of the Twenty-first assembly district of New York City against an opponent who is believed to have Senator Platt's sympathy. Gruber won, and since that time efforts have been made by the friends of both sides to bring about a reconciliation between the former governor and his friends and Platt, with the result that Black made the principal nominating speech.

### WILL BE MADE KING.

Leopold Will Abdicate in Favor Prince Albert After His Marriage.

Brussels, Sept. 5.—According to official announcement just received the marriage of Prince Albert and of the Duchess Elizabeth of Bavaria will take place here in the ancient church of St. Gudule on Oct. 5. Great preparations are being made for the event.

The prince, who spent some time in the United States, is the most popular of the royal family. Even the socialists and labor leaders, who revile the king, have a good word to say for Albert, thanks to the intelligent interest which he displayed in the welfare of the masses and in the aspirations of the working classes.

It is persistently reported that immediately after the wedding Leopold will abdicate in favor of Prince Albert, whose father, the Count of Flanders, younger brother of the king, is so deaf as to have decided him to abdicate his own rights to the throne to his only surviving son.

### NAVY ESTIMATES.

Secretary Long Places Amount Needed Next Year at \$80,000,000.

Washington, Sept. 5.—From present indications the estimates to be submitted to congress for the support and increase of the navy will be the largest presented in the history of the new naval establishment. Chiefs of the naval bureaus are preparing estimates for the fiscal year ending June 30, 1902. The estimates of the navy department for the present fiscal year amounted to \$74,245,500. Though congress failed to appropriate the entire amount asked for the chiefs of bureaus have determined to make another effort to obtain the sum they deem necessary.

The indications are that the estimates to be submitted to Secretary Long will reach \$80,000,000.

Orders will be issued to naval constructed Hobson, who is now ill in Japan, to return to the United States. Before being assigned to duty he will probably be granted a leave of absence.

### Chief Charger Dead.

Pierre, S. D., Sept. 5.—Chief Charger is dead at his home near the Cheyenne agency. Charger was one of the party which helped to rescue white captives from the hostiles after the New Ulm massacre. The surviving members of that party are Swift Bird, Little No Heart, Four Bear and White Swan. Three of them attended the funeral.

### Lumber Rates Reduced.

Topeka, Sept. 5.—It is announced here that freight rates on lumber from Kansas and Texas to points in Kansas which have been in controversy between the lumber dealers and the railways for the last six months have been reduced from 29 to 27 1/2 cents per 100, the old rate of 23 cents to Kansas City remaining in force.

### Vaccination Made Compulsory.

Bonham, Tex., Sept. 5.—The city school board has authorized a statement by Superintendent Foster that pupils entering the public schools must furnish certificates of successful vaccination. Those who have not been vaccinated will be required to do so before entering school.

## Floridini Coming.

Mlle. Floridini, whose opera company will appear here Wednesday evening Sept. 12, has most flattering press comments from the Galveston and Dallas News, the Times Herald of Waco, the Austin Statesman, the San Antonio Express and the Galveston Tribune. She also has favorable criticisms from a long list of northern and eastern papers. She is a very popular singer and a native of Florida, hence the stage name Floridini. "The Galveston News of July 28, says: The young prima donna was greeted by the largest audience of the season, almost every seat in the big pavilion was occupied, a vocalist of unusual merit was looked for and the expectation was met, Floridini has a soprano voice of splendid qualities. It is true, sweet and of great power."

## NEW ICE FACTORY.

Mr. Sam M. Winters Will Establish a Twenty-ton Plant Here.

Mr. Sam M. Winters of Hensley, Ark., has determined to establish in Bryan a new 20-ton plant for the manufacture of ice, and will have it ready for the next season's business. Mr. Hensley selected Bryan as the site for making this investment after carefully investigating the advantages of many points in Texas and other states through correspondence with the numerous representatives throughout the country of the Fred W. Wolf Company of Chicago, manufacturers of ice factory machinery and supplies. Numerous points were suggested, but the choice fell on Bryan, which place was pointed out by Mr. E. P. Maddox, Texas representative of the company at Ft. Worth. Mr. Maddox accompanied Mr. Winters to Bryan and the two have spent the early part of the week looking over the ground here. Options have been secured on several locations, and it is understood members of the city council are favorable to locating the plant north of town near the oil tanks. An order has been placed already for the machinery and Mr. Winters left yesterday for his home to settle up his business affairs preparatory to moving to Bryan. He has abundant capital to establish and operate the plant which will represent an investment of \$25,000 and give employment to eight or ten persons. Mr. Winters was immensely pleased with all he saw here, and says Bryan is the best town he has seen anywhere.

The Eagle congratulates the city upon the acquisition of this enterprise which has long been needed. Others will be added from time to time, and a spirit of encouragement and welcome should be extended to all who come into our midst seeking investments of a permanent character that will add to and benefit the town. Mr. Winters will find a cordial welcome awaiting himself and family upon his arrival here.

## KERR-SBISA.

Prof. E. W. Kerr and Miss Rita Sbisa were the central figures in a beautiful home wedding at College yesterday morning at 10:30 o'clock. The wedding was solemnized by Dr. T. C. Bittle.

The mess hall parlors were redolent of the perfume of flowers that formed the tasteful and elaborate decorations. During the ceremony the bride and groom stood beneath a beautiful arch of vines and white chrysanthemums. The bride wore a handsome traveling dress and the bridesmaids were attired in street dresses.

Miss Katy Hill of Hempstead was maid of honor and Mr. J. G. Kerr of McKinney best man. The other attendants were Miss Kerr of McKinney, and Miss Foster of College; Prof. C. E. Burgoon and Mr. P. B. Bittle.

There were many present to witness the ceremony, including relatives of the bride from New Orleans and Laredo, and many handsome wedding presents were received. After the ceremony an elegant luncheon was served, and the young couple took the noon train for a visit to the groom's former home at McKinney.

Miss Sbisa is the daughter of Mr. and Mrs. Bernard Sbisa of College, and a young lady whose many graces and accomplishments have endeared her to a very large circle of friends. Prof. Kerr is a young man who has also won a high place in the community. An honor graduate of the A. & M. College, he was given an assistant professorship in the Mechanical department of the A. & M. College, and has proved worthy of this important trust, and of the esteem and confidence in which he is held.

The congratulations of the Eagle are extended to Prof. and Mrs. Kerr.

## ARTHUR SEWALL DEAD

Passes Away at His Country Home from Attack of Apoplexy.

## BEEN IN BAD HEALTH

Mr. Sewall Was Brought into Prominence by Being Placed on the Ticket With Bryan in the Campaign of 1896.

Bath, Me., Sept. 5. — Hon. Arthur Sewall died at 8:30 o'clock this morning at his summer home, Small Point, about 12 miles from this city, of apoplexy, the stroke having been sustained last Sunday. Mr. Sewall had not been in good health for some time, although he was not considered to be seriously ill. He had been advised by his physicians to rest as early as last June, and he attended the Democratic national convention in July against the advice of his doctor. He appeared to have suffered no ill effects from the journey however, and passing the summer quietly at Small

Point when the fatal stroke seized him. Unconsciousness, which followed the attack, continued until death came.

Mr. Sewall was 64 years of age and was brought into prominence at the Chicago Democratic national convention in 1896 when he was placed on the national Democratic ticket as Bryan's running mate.

Mr. Sewall was a prominent shipbuilder and owned extensive works at Bath, Me. He also had a number of vessels plying between ports on the Atlantic coast.

## THE HAGUE COMMISSION.

Former Presidents Cleveland and Harrison Will Be Two Members.

Washington, Sept. 5.—President McKinley has received a reply to the invitation he addressed to former President Grover Cleveland to accept an appointment as a member of The Hague commission.

Mr. Cleveland's reply will not be made public, but it is understood that he has attached certain conditions to his acceptance. Former President Harrison agreed to act as commissioner in a letter just received at the White House.

Two additional commissioners will be appointed by the president. Former Secretary of State Olney and former Secretary of State Day are mentioned in connection with these appointments.

## TURKEY WILL RESIST.

Started to Build a Navy to Oppose the Paying of Indemnity.

Washington, Sept. 5.—Turkey evidently intends to be prepared to resist any attempt which may be made by foreign governments to collect indemnity by force. Consul General Dickinson at Constantinople has cabled to the state department announcing that the sub-lime porte has awarded a contract for the construction of two torpedo boats to a shipbuilding firm at Genoa.

The department has completed the plans and specifications for the cruiser which is to be built in the United States.

## Ladybrandt Garrison Saved.

Capetown, Sept. 5.—The siege of Ladybrandt has been raised after several desperate attempts to capture the town and its little garrison of 140 British troops. The Boers who attacked Ladybrandt are estimated numbered over 2000 men. The British were summoned to surrender on September 2, but refused and from that time on were subjected to continued cannon and rifle fire. The burghers twice tried to rush the British position. The approach of the relief force saved the little garrison.

## Will Improve the Road.

New York, Sept. 5.—The New York New Haven and Hartford Railway company has decided to spend over \$1,500,000 in extending and improving its facilities for handling freight traffic near New York. Large tract of land at Oak Point has been purchased by degrees at an outlay of \$2,000,000 and plans for the construction of a freight yard have been practically carried out.

## Killed Father to Save Mother.

Cedar Rapids, Ia., Sept. 5.—A. Woods, a farmer near Martelle, was shot and instantly killed by his 18-year-old son who interfered when his father was asaulting Mrs. Woods. The verdict of the coroner's jury completely exonerates the young man.

## Turkey Is Building a Navy.

Washington, Sept. 5.—Turkey has ordered six cruisers in Germany and two torpedo boats in Italy.

## NOT DECIDED YET.

Russian Proposal Still Held up Awaiting Further Advices.

London, Sept. 5.—No official pronouncement is yet forthcoming here in regard to a decision of the powers concerning China, but the consensus of opinion continues suggestive of a compromise on the proposals now under consideration. In the interim there is little authoritative indication that the dowager empress is ready to sue for peace, even if the allied powers reach an agreement in regard to the best means of opening negotiations. On the contrary the many rumors gathered at Shanghai suggest that she is carrying on her anti-foreign policy with increased zeal. The latest reported imperial decree from Tai Yung Fu is said to be defiant and unrepentant and contain a statement that the court fled lest the emperor might be killed during the fighting between boxers and Christians and thus leave no one to continue the "ancestral worship." The decree is also said to exhort the union of viceroys to "avenge injuries inflicted on China" by the powers.

The Chinese minister here admits the correctness in a general way of a cable message sent to him according to Shanghai advices by Li Hung Chang, in which the latter is quoted as saying:

"Our St. Petersburg minister has persuaded Russia to leave Pekin. You are useless if you cannot persuade England."

The Chinese minister here also says he has sent a powerful memorial to Lord Salisbury to urge him to adhere to the Russian proposal of withdrawal of allied forces from Pekin, as he, the Chinese minister, believes it will pave the way to speedy settlement.

The minister also said Chinese people were sick of war, that the genuineness of Li Hung Chang's plenipotentiary powers was undoubted and that Li Hung Chang was working in full sympathy with the emperor, dowager empress and the privy council, all of whom favored peace.

The minister adds that he is still in communication with the Chinese government whose authority remained intact and who were merely temporarily residing in the province of Shan Si.

## NOT SATISFACTORY.

The Chinese Commission of Peace Does Not Please Great Britain.

London, Sept. 5.—The Chinese minister here has communicated to the foreign office an imperial edict, dated Tai Yuan Fu, appointing commissioner to negotiate terms of peace in association with Li Hung Chang. Grave dissatisfaction is felt at the names of the commissioners. Earl Li had asked that Viceroys Liu Kun Yi and Chang Chih Tung and Prince Ching should be named. The court has ignored his suggestion for the nomination of a reforming Yang Tse viceroys and appointed instead Prince Ching, Yung Lu and Hsu Tung. The two last named are violent and reactionary Manchus.

Little hope can be entertained of successful negotiations with a board thus constituted, and it is hoped that the powers will decline to treat with the two Manchu nobles. It is clear that the southern viceroys are to be proscribed and persecuted for declining to join in the recent anti-foreign movement, and unless pressure can be brought to bear in their favor by the powers their lives and liberty may be in danger. This revelation of the persistent anti-foreign policy of the Chinese government makes the Russian proposal seem more than ever impolitic.

So far from being frightened into repentance the empress dowager and her faction are steadily engaged in carrying on the crusade against alien influence. Some more striking measures may be required to produce the requisite impression, whereas if the troops should withdraw from Pekin, Chinese insolence and audacity will receive a fresh impetus and reform will be indefinitely postponed.

It is possible that the replies of Germany, Austria and Italy to the Russian proposal may take the form of a statement of the conditions under which those powers will be prepared to conclude peace with China, with reasons against withdrawing from Pekin until the terms are arranged.

The edict addressed to Li Hung Chang in the name of the Chinese emperor, and dated Aug. 19, en route to Tai Yung Fu, explains that although the foreign powers have given assurance that their only object in bringing troops to the capital is the suppression of disorder and that no harm is intended to the imperial house, the emperor has felt it his duty in view of the dangers apprehended from the assault on Pekin, to comply with the wishes of the empress dowager and accompany her westward after instructing Yung Lu, Hsu Tung and Tsung Chi to remain in the capital and continue to carry on the government.

## Poison Placed in Food.

Charlotte, N. C., Sept. 5.—At a wheat threshing near Long's Store, Dr. S. J. Love, his mother, brother and sister and five farm hands were poisoned by arsenic which was placed in the dinner with murderous intent. Dr. Love died within three hours. All the other victims were alive at last reports, but very sick.

The meal was prepared by several members of the family assisted by neighbors.

## Copper Exports.

New York, Sept. 5.—The exports of copper during the month of August, according to returns kept by the Metal Exchange, were 13,845 tons. This is considerably in excess of the July record, when shipments were about 11,000 tons. Copper producers continue very confident over the outlook.

## FOR MOTHERS.

The period immediately following child-birth is fraught with many dangers. The strength has been used in the painful ordeal through which the mother has passed and she finds herself helpless and weakened. Many mothers, like Mrs. Ford, date the beginning of their illness from the birth of their child. Indeed the frequent spectacle of a healthy young woman becoming a chronic invalid after motherhood is one of the tragedies of life. All this is unnecessary, when Wine of Cardui is obtainable. It rehabilitates the shattered nervous system, strengthens the organs and ligaments, and re-establishes a healthy, natural condition, saving years of chronic sickness and suffering. Wine of Cardui taken just before confinement will render the ordeal comparatively painless. It will re-enforce and strengthen the organs for their work. For every trying crisis in a woman's life, Wine of Cardui is the medicine to take. Ask your druggist for Wine of Cardui and take no substitute. If one is offered send \$1.00 for a bottle to the Chattanooga Medicine Company, Chattanooga, Tenn.

### GREET THE BRITISH.

#### American Squadron Welcome Five English Warships.

Bar Harbor, Me., Sept. 5.—There was a splendid naval display here Tuesday when five British warships steamed into the inner harbor and fired a national salute, which was returned by the cruiser New York. The British ships were the Crescent, flying the flag of Vice Admiral Bendford, the Pysche, Tribune, Indefatigable and the torpedo boat destroyer Quail.

After the exchange of salutes Admiral Farquhar, with his staff, made a formal visit to Vice Admiral Bendford, and at its conclusion a return call was made by the British officers. In the afternoon a reception was given to the officers of both squadrons.

Just after the British ships dropped anchor in the harbor Edward Van Ness of New York swung to the breeze from a staff on his lawn a large Boer flag and addressed his friends in denunciation of the British. The flag raising made the people angry and a dozen volunteered to cut the pole down without further ceremony. Rear Admiral Upshur (retired) was particularly vexed.

Charles H. Wood, chairman of the board of selectmen, called on Mr. Van Ness and politely requested that the flag be taken down, but Mr. Van Ness refused. Chairman Wood and two police officers renewed the request to have it removed. Again the owner of the flag refused and defied the officers to remove it. Mr. Wood thereupon cut the halyards and the Boer standard floated to earth amid the cheers of those assembled.

Mr. Van Ness was one of the committee to receive the Boer commissioners when they visited this country. He has been requested to resign from the gentlemen's club.

#### MURDERED HER LOVER.

#### A Girl Tells How Her Relatives Shoot to Death Her Sweetheart.

Columbia, S. C., Sept. 5.—The body of H. Taber Earle, proprietor of a restaurant in Seneca was found in the Seneca river Tuesday by the sheriff, while Mattie Gains, a young woman gave directions to the officers where to find her lover's body.

Earle and the girl were sweethearts against the wishes of the young woman's father. They forbade Earle entering the house so the young couple met in a nook by the river. Saturday two brothers and a brother-in-law of the girl met the young people at the river. The girl and Earle pleaded for his life but the young men shot him to death and threw the body into the river. The young woman was arrested when Earle could not be found and after trying to shield her relatives for a time told the whole story. All are in jail.

CHAFFEE HEARD FROM.  
He Asks About Withdrawal of Troops  
from the Imperial City.

Washington, Sept. 5.—A very interesting dispatch was received Tuesday from General Chaffee at the war department. It describes the military situation as eminently satisfactory and would have been of greater value but for the omission common to all the official dispatches from China, namely, the date line.

However, taking into consideration the fact that a cablegram was received by the state department, dated five days ago from Mr. Conger, the conclusion was reached that General Chaffee's dispatch was also sent from Pekin about Aug. 29 or 30.

General Chaffee asks a very important question as to the withdrawal of the American troops. The answer to that question it is said might have been found in the state department's answer to the Russian evacuation proposition. But that answer or rather a synopsis to it was not cabled to General Chaffee until Aug. 30, and it is assumed that allowing for the same time in transmission as was consumed by General Chaffee's dispatch, the synopsis has reached him by this time.

When the American answer to the Russian proposal was made public it was stated here that General Chaffee had been instructed some time before by telegraph just what course to pursue in the matter of retiring from Pekin in the event of the emergency that afterward arose. This being so, the application for instructions might be regarded as an indication that he had not received the original instructions when he sent his message.

It is stated that no order has been sent to General Chaffee to leave Pekin as the result of any recent development. In fact it would seem that the war department is not able to instruct him more specifically on this point until the decision of the powers relative to general evacuation is known. It was stated at the war department that our position was unchanged; if Russia withdraws her troops then General Chaffee will do the same. Meanwhile it is gathered that conditions in China are still disordered and foreign life and property are still unsafe.

An official communication received through diplomatic channels make the rather surprising statement that Li Hung Chang is at present using all his efforts to have one or more of the powers dissent from Russia's proposition, believing that a rupture of the allies will be of greater advantage to China than any agreement even on a favorable basis put forward by Russia.

More Old Flags Returned.

Columbus, O., Sept. 5.—An incident out of ordinary occurred at the reunion of the Forty-sixth Ohio volunteer infantry at Washington, a suburb of Columbus yesterday. The colors of the Thirtieth Louisiana regiment were returned to a committee of survivors of that old organization. The flags were captured at Ezra Courthouse, just outside of Atlanta, Ga., during war, and have been in the relic room of the state capitol here for many years. At the reunion Judge David Pugh made an address and turned the flags over to a committee composed of Messrs. Shepard D. Harris, John A. Landry and James H. Brown of New Orleans. Governor Nash was present and participated in the exercises.

Not Entitled to Interest.

Guthrie, O. T., Sept. 5.—A decision was handed down by the Territorial supreme in the case of the Territory vs. F. L. Thompson, Territorial treasurer, for the recovery of interest paid upon public funds deposited in banks. Justice Burwell prepared the opinion which was concurred in by the full bench. Judge Burwell holds that the treasurer has no right whatever to appropriate to his own use the interest on public moneys.

Tried to Conceal the Crime.

Paris, Tex., Sept. 5.—A double-header freight train on the Frisco ran over an unknown man near Jackson, Ark., and ground his body into an unrecognizable shape. An examination of the remains convinced the train crew that he had been murdered and placed on the track. There is a sharp curve at the point and four or five dead men have been found within the past few years at the same place.

George Weaver Held.

Georgetown, Ky., Sept. 5.—The case of George F. Weaver, charged with perjury, was concluded before County Judge Yates, and Weaver was held to the Scott county circuit court in the sum of \$500. As Weaver was unable to furnish bond he was remanded to jail. He was a witness in the prosecution of the Caleb Powers case and the charge is based on his testimony in that case.

Will Build a New Church.

Corsicana, Tex., Sept. 5.—The congregation of the First Baptist church have decided to build a new church building in this city. The building will cost not less than \$10,000.

Chickasaw Legislature Convenes.

Ardmore, I. T., Sept. 5.—The Chickasaw legislature convened in regular session at Tishomingo Tuesday. Lewis Colbert was elected speaker of the house.

General DeLaney Reported Dead.

Pretoria, Sept. 5.—It is reported that General DeLaney, the Boer commander, died of wounds received at Elands river.
